

For Immediate Release

\*Engineered Audio introduces RemoteRemote 2\*

SAINT LOUIS, MISSOURI, April 27th, 2004 -- Engineered Audio, LLC. announced its RemoteRemote 2, the newest in RF wireless remote control for Apple's iPod. Like its predecessor the RemoteRemote, the RemoteRemote 2 uses RF technology, allowing the consumer to control an iPod around corners and through walls. RemoteRemote 2 is scheduled for delivery this spring, and will retail for \$49. Engineered Audio is taking pre-orders immediately.
